	B	Mijanur Rahman

Responsibilities of the batch coordinator:

- Students may communicate to the batch coordinators and get suggestions regarding their academic as well as personal matters (if it affects their study and student life).
- Batch coordinators will personally discuss the issues with students and identify the real problem and offer suggestions.
- Batch coordinators will talk to the academically weak students (whose GPA is below 3.00) to identify their issues and motivate them to improve their qualities.
- Batch coordinators will also talk to the academically sound students and motivate them to take part in extra academic activities.
- If any student wants to cancel his/her admission, batch coordinators will talk to the student and provide recommendation to the head of the Department.
- Batch coordinators will continue to provide services until further notice.
